

The Number Sensation

Edited by Jonathan Cluff, The Number Sensei

www.NumberDojo.com

Super Saturday classes with the Number Sensei!

The most common request I get is to teach students or teams how to do specific concepts--live and in person. Now, you and your students and friends can participate in my **online live weekly training sessions** for high school, middle school, and elementary number sense. Priced at only **\$5 per person** per session; teachers can attend for FREE with their students.

If you can't attend our live sessions, sign up anyway! I'll send you a link to the recorded session, along with the handout.

Details are here:

<http://www.numberdojo.com/store/c10/Coaching.html>

Congratulations to our State Champions!

So far this year, we have had 3 individual students win State after training with our numerous number sense resources:

- **Jonah C** (Roosevelt HS)
- **Yash M** (Lubbock HS)
- **Phyllis Z** (Lubbock HS)

And this year's 5A HS State champion team, **Highland Park HS**, prepared for their victory using our curriculum.

Add your name to our growing list of champions! Sign up for our Black Belt Membership and get unlimited access to all our curriculum, lessons, videos, worksheets, flash cards, indexes, etc. Get it here:

Upcoming Events

April 27:

MS TMSCA State Meet

April 22 – May 10:

EL TMSCA State Meet

Date TBD:

State Mathing Bee

Maps of Upcoming Meets

State Mathing Bee

This year's State Mathing Bee is scheduled for later this spring. **To participate:**

*Register to hold your own Mathing Bee at your school

*Host an invitational Mathing Bee as part of a TMSCA meet

*Or be a grade-level winner of any [Number Sense Challenge](#).

Grade-level winners will go to Regionals, with a chance at State! Details are [here](#).
