

The Number Sensation

Edited by Jonathan Cluff, The Number Sensei

www.NumberDojo.com

Congratulations to Amy Estrada!

Amy from Cavazos MS (Lubbock, TX) was the winner of our FREE 12-month Black Belt Membership. Now she will have digital access to all of our curriculum, blog lessons, worksheets, flash cards, indexes, Pear Deck slides, etc. Details are at http://www.numberdojo.com/store/c1/Featured_Products.html.

Concepts on the 2019 HS UIL A Number Sense Test

In case you're wondering what our Indexes look like, below is a sampling of the concepts that appeared on this year's Set A NS Test. Each concept's nickname comes with a link to that lesson on our blog, which can be accessed with a free registration.

The purpose of these indexes is simple. Whenever your student takes a new number sense test and encounters a question they don't know how to solve quickly, they can review the hyperlinked lesson—which contains detailed instructions, examples, and in most cases, a free worksheet.

State Mathing Bee

This year's State Mathing Bee is scheduled for later this spring. **To participate:**

*Register to hold your own Mathing Bee at your school

*Host an invitational Mathing Bee as part of a TMSCA meet

*Or be a grade-level winner of any [Number Sense Challenge](#).

Grade-level winners will go to Regionals, with a chance at State! Details are [here](#).
